

# Contactum, not just a pretty fascia

Contactum's wide range of electrical accessories are the natural choice for the discerning consumer. All products are designed using input from installers and designers so as well as being safe and reliable they look great too.

Where period homes require complementary accessories, the Georgian and Edwardian ranges combine classically beautiful plates with the very latest technology.

Flatplate switches and sockets, in a wide range of styles and finishes will enhance any modern interior and for those indoor or outdoor environments that are subject to excessive humidity or dust, Contactum's Splashproof/Dustproof range provides the ideal solution.

From Moulded to Ceiling, from Grid to Industrial you can be confident that your Contactum electrical accessories have not only been designed to look stylish but also to be safe, reliable and very easy to use.

SWITCH WITH CONFIDENCE

# CONTACTUM
