All of the answers on CD

### Unique

Key 2's unique Productive Learning Environment™ enables you to jump from learning to application simply by clicking. The lessons cover every aspect of the application, building a solid foundation and progressing to more complex issues.

Each CD is created and narrated by expert trainers.

### Amazing - save time and money

Key 2's one-to-one tuition takes you rapidly to total proficiency and avoids the excessive costs of group training courses and time wasted struggling through unhelpful manuals.

### For beginners and professionals

Whether you're just starting out or wanting to polish your skills, Key 2 will enable you to master your applications with ease.

### Each foolproof CD comprises:

**Masterclasses.** How to master the application quickly and efficiently, one step at a time.

**Cool stuff.** An advanced insight into the application - exercises, hints and tips.

**Reference.** A full explanation of menus and dialog boxes.

**Glossary.** User-friendly explanations of technical words and phrases.

**Search.** Find exactly what you want to know, instantly, right when you need it.

### More tutorials available soon.

# The Key 2 making money from the learning revolution.

## Here at last, the help millions of computer users have been longing for.

A unique range of multimedia CD-ROMs that train PC and Mac users in entire applications.

The range retails at a fraction of the cost of conventional tutorials and cheaper than many manuals while still giving you a high margin.

## It's easy and fast.

Each CD-ROM contains a complete one-to-one tutorial – the equivalent of several days on a training course.

Written and Produced  
in the UK.

The user is taken step-by-step through demonstrations, from basic start-up functions to advanced features, by a British expert.

Key 2's unique Productive Learning Environment™ enables the user to switch between learning and application simply by clicking.

Twenty five tutorials are already available covering leading applications. More will be available soon for PC and Mac.

## Developed in conjunction with Ultralab.

Ultralab is headed by Professor Stephen Heppell who is described as 'the UK's leading interactive expert' and 'the UK's top interactive learning guru' and appears regularly on TV and radio and in the press.
